

# July 2008

July 1- July 31

July is full of Fun!!

This month we will be celebrating America in many ways!! Our first visitors will be wild animals from all over the United States and even across the globe!

After our animals, we will be learning about bugs and other assorted creatures. We will even eat some☺!!

On July 17<sup>th</sup> we will have our own indoor planetarium visit. The children will crawl into a huge space lab to see stars, constellations and even the moon. It is always a thrill for all.

We will end the month with Dinosaurs and Camping – both lots of fun.

Please note the calendar on the back of this newsletter for daily activities and always check the front board for reminders! Also note that July is a five week month. Full tuition should be paid no later than the 3<sup>rd</sup> of the month. Any questions on your invoice, contact Mr. Hourihan.(689-5722)
